Subject: 1332 Active States Planning Group Update
Attachments: Sec. Burwell response to Initial Proposal.pdf; REVISED - Hawaii 1332 Waiver
Proposal_August 10 2016.pdf

Hi,

We hope that you are all enjoying the remaining days of summer, and that it isn't too hot where you are! We wanted to touch base to provide an update from our friends in Hawaii. Following the state's initial waiver application, they received the attached letter from HHS, seeking clarification on elements of the proposal. Last week Hawaii submitted a revised proposal, which is attached.

As a reminder, we have our next 1332 Active States Planning Group call scheduled for next month, the details for which are provided below. As always, please feel free to share this information with any colleagues who may be interested, and continue to visit our [1332 Waivers Resource Library](#) for updates.

Best,
Heather
